

e28/750GC etching press

The e28/750 is an editioning press suitable for professional printmakers, secondary schools and colleges of fine arts.

- robust construction
- easily handles popular 70x100cm format paper [max 75cm]
- gearing is 8:1 via rimmed handwheel
- roller setting gauges
- safety features
- cabinet is standard
- optional lockable castors
- installs through a standard pedestrian doorway

The e28/750GC is a versatile professional editing press.

Effective gearing reduces printing effort and the area above the roller is completely clear to allow felts to flip over easily.

Maintenance is minimal. The gearbox drive requires no adjustment and oil change interval is 5000 operating hours.

Our standard 5 year warranty applies.

FEATURES:

- Effective gearing reduces printing effort
- Highest engineering standards of design and construction
- Roller setting gauges
- Low maintenance; no chain adjustments
- Easy installation and relocation

Technical:

- Robust and rigid laser cut frame precision machined and welded
- Rollers extra heavy wall construction 140mm diameter
- Sealed ball bearings
- Roller gap above bedplate 60mm
- Laminate bedplate with high compressive strength 756mm x 1350mm
- Bed support by low friction slides
- Professional hand wheel [890mm diameter with 32mm diameter rim for solid grip]
- Gearing ratio 8:1 by fully enclosed gearbox [no chains]
- Steel cabinet base has a convenient storage shelf & provision for locking wheel
- Felts kit is industrial grade wool comprises 1 x A and 2 x B grade 3.2mm
- Semi-rigid overlay sheet 746mm x 1330mm x 2mm is polycarbonate
- Tee-bar screws have stainless steel bars and black knobs
- Compact cabinet base has convenient storage shelf
- Optional felts kit 1 x A and 2 x B grade 3.2mm
- Mass of main lift 130kg

Safety:

- There are no hidden finger trapping points
- Cautionary stickers adjacent to the obvious top roller/bedplate area
- Low mass bedplate is supported on low friction slides without wheels or rollers
- Bed stops and anti-lift pins prevent bedplate accidentally exiting the press
- Fully enclosed covers at sides and lower roller exclude fingers
- Provision for locking the handwheel to prevent unauthorised use

Transport:

- The e28/750GC installs through a standard pedestrian doorway
- We can arrange transport to any location via P&S; we normally deliver the press to the nearest major transport depot and our client arranges further transport; but we can arrange delivery to your door if required
- Installation and commissioning may be available in some locations.
- All packing and transport is done at cost price
